Information Literacy Classes in Sem 1 2012

If you would like us to assist with any **Information Literacy** components in your units in Semester 1, please let us know. I am able to help by assisting with development of information literacy resources for lecturers' own use during classes, or by delivering the information literacy components myself in collaboration with lecturers.

For more information about Information Literacy at

QUT and how the Library can help (including generic cross-Faculty classes and online tutorials), please see the following web page: <http://www.library.qut.edu.au/services/liaison.jsp>

Research Support Update : Research Data Management : Research Support Training

Division of Technology, Information and Learning Support (**TILS**) maintains an integrated **Research Support** website providing information about the research support activities and resources that the Division provides to assist researchers. The site is part of the TILS website and is available at <http://www.tils.qut.edu.au/initiatives/researchsupport/index.jsp>
On this page the **Guidelines for the Management of Research Data at QUT** and **Data Management Checklist** provides guidance on the effective storage and backup of research data and addresses intellectual property and copyright issues. The section on **Data Storage Solutions** provides advice on how to request storage space on **EStore** (the ITS supported tiered network storage solution), how to apply for HPC data storage.
There is also a **Research Data Management Wiki** at <https://wiki.qut.edu.au/display/rdmdr/> which provides a range of supporting resources and links.

Qiqqa - a free, sophisticated tool for managing PDFs (Cambridge Uni award winner)

Design for Researchers **QiQqa** <http://www.qiqqa.com/> is a tool for managing, searching, creating bibliographies, annotating and sharing your PDFs. Searchers through not only true PDFs : powerful OCR lets you search even image-based PDFs. Perfect for revising : As your read, highlight passages, mark sections, and add your own notes.

New relevant eResources for Health researchers and students : 2012 subscriptions

QUT Library is very happy to be able to provide access to the following new electronic products (ongoing subscriptions) relevant to the Faculty of Health from 2012.

AusDI Advanced (*AusDI Advanced* was renamed *Catalyst* as of this morning), is an online medicines information resource developed by Phoenix Medical Publishing and is a listed drug reference for Pharmacists recommended by the Pharmacy Board of Australia. AusDI Advanced includes full-text, evidence-based drug, drug-class and complementary medicines monographs, product information (PI), consumer medicines information (CMI) leaflets and drug product images with fully searchable attributes.

Available in catalogue. Just do a **Title** search for *AusDI* or follow the link <http://libcat.library.qut.edu.au/record=b3169027~S8>

Journal of visualized experiments : JoVE

is an online journal publishing visualized (video-based) biological research studies. This publication aims to solve some of the most difficult problems in the contemporary life science research: low transparency and reproducibility of biological experiments, time-consuming learning of experimental techniques. Video-based visualization of biological techniques and procedures provide an effective solution to the problem described. Available in catalogue. Just do a **Title** search for *JoVE* or follow the link <http://libcat.library.qut.edu.au/record=b2549464~S8>

libcat.library.qut.edu.au/record=b2549464~S8

Journal of Biomedical Nanotechnology

is a peer-reviewed multidisciplinary journal providing broad coverage in all research areas focused on the applications of nanotechnology in medicine, drug delivery systems, infectious disease, biomedical sciences, biotechnology, and all other related fields of life sciences. Access in catalogue via a **Title** search will be available soon.

Nanotechnologies for the Life Sciences

Available in catalogue. Just do a **Title** search for *Nanotechnologies for the Life Sciences* or follow the link <http://libcat.library.qut.edu.au/record=b3168562~S8>

Protein Science Encyclopedia (2008-)

Available in catalogue. Just do a **Title** search for *Protein Science Encyclopedia* or follow the link <http://libcat.library.qut.edu.au/record=b3169092~S8>

Comprehensive biotechnology (6 volumes)

Available in catalogue. Just do a **Title** search for *Comprehensive biotechnology* or follow the link <http://libcat.library.qut.edu.au/record=b3239045~S8>

Encyclopedia of Environmental Health: Science Direct : 2010

Access in catalogue via a **Title** search will be available soon.

Wiley Interscience Online Library

- Wiley Radiology Backfile
- Wiley-Blackwell Medicine and Nursing Backfile
- Wiley-Blackwell Neurology, Neurosurgery & Pain Medicine Backfiles
- Wiley-Blackwell Neuroscience Backfiles

Available in **Find databases** <http://www.library.qut.edu.au/find/> Just do a **Search for a database** search for **Wiley Interscience Online Library**

Comprehensive Physiology

Available in catalogue. Just do a **Title** search for *Comprehensive Physiology* or follow the link <http://libcat.library.qut.edu.au/record=b3170199~S8>

BMJ Best Practices

Access in catalogue via a **Title** search will be available soon.

The resources below are available via **Find databases** <http://www.library.qut.edu.au/find/> Just do a **Search for a database** search for a particular journal collection

ScienceDirect Radiology and Imaging Backfile

Cambridge Journals Digital Archive : Science, Technology and Medicine

Oxford Journals Digital Archive Science Collection

Oxford Journals Digital Archive Social Sciences Collection

Oxford Scholarship Online Collection Biology

Embase contains Medline plus over 24 million indexed records and over 7500 current, mostly peer-reviewed journals. Access in catalogue via a **Title** search will be available soon.

Henry Stewart seminars in Biomedical & Life Sciences : short-term trial until March, 31st, 2012

Henry Stewart seminars in Biomedical & Life Sciences are Online Talks by leading world experts.

Henry Stewart Talks publishes animated audio visual presentations by world leading experts – advanced content in a user friendly format. QUT has access to the Biomedical & Life Sciences and Marketing & Management collections.

Every talk has been specially commissioned with informative visuals and synchronized narration. The talks preserve each speaker's personality and approach allowing users to experience world class presentations wherever they want and as often as they want – pausing and repeating as many times as desired.

Available at <http://www.library.qut.edu.au/find/trials.jsp>

Your opinion is important to us, please send feedback to n.prasolova@qut.edu.au or leave feedback at <http://www.library.qut.edu.au/find/feedback.jsp>

Faculty of 1000 : short-term trial until April, 6th, 2012

Faculty 1000 identifies and evaluates the most important articles in biology and medical research publications. Articles are selected by a peer-nominated global 'Faculty' of the world's leading scientists and clinicians who then rate them and explain their importance. From the numerical ratings awarded, we have created a unique system for quantifying the importance of individual articles and, from these article ratings, journals. Both articles and journals can then be ranked overall and, importantly, at the subject, or Faculty, level.

Available at <http://www.library.qut.edu.au/find/trials.jsp>

Your opinion is important to us, please send feedback to n.prasolova@qut.edu.au or leave feedback at <http://www.library.qut.edu.au/find/feedback.jsp>

BONUS+ : a wonderful service for requesting books from other libraries

BONUS+ is a service that enables library clients (staff, undergraduate and postgraduate students) to borrow books from selected Australian and New Zealand university libraries.

Placing a request

This can be done by:

- Searching for books directly through the **BONUS+** catalogue at [bo-nus.newcastle.edu.au/](http://bonus.newcastle.edu.au/) or
- Searching for a book in the QUT Library Catalogue. If you cannot find the book you are looking for, or if the

Can't find the book you want?
Try **BONUS+**

book you want is unavailable (all copies are out on loan), you can click on the **BONUS+** link to check if the book is available at one of the **BONUS+** participating libraries.

Items showing as AVAILABLE at QUT cannot be requested from **BONUS+**.

Once you have found a book to request in the **BONUS+** catalogue simply select the Request this item link and follow the prompts.

More information is available at www.library.qut.edu.au/services/delivery/bonusplus.jsp

This service complements QUT Library's two other options for obtaining material not held by QUT Library - QUT Library's Document Delivery Service (www.library.qut.edu.au/services/delivery/docdel.jsp) and the Griffith University request service (www.library.qut.edu.au/services/delivery/griffithuni.jsp)

If you have any questions about BONUS+ please don't hesitate to contact me (n.prasolova@qut.edu.au).
