

2023 LIBRARY STRATEGIC PRIORITIES

Student experience and engagement

- Provide vibrant, welcoming and inclusive physical library spaces
- Host engaging activities
- Partner with students

Learning and teaching excellence

- Ensure students have access to the information and library services they need to thrive
- Support the Faculty of Health Digital Capabilities Program
- Support QUT You

Advance open scholarship

- Facilitate open access to the university's research outputs
- Develop a *QUT ePress* to support, promote and publish QUT-created open access resources
- Expand the visibility of Open Educational Resources (OERs) knowledge and understanding at QUT

Access to information

- Actively collect and promote resources that reflect the diversity, equity and inclusion priorities of the university
- Ensure access to the physical collection meets the contemporary needs of the QUT community

Research quality

- Review IFN001: Advanced Information Research Skills (AIRS)
- Support the university's research priorities
- Improve the discoverability of Indigenous Australian research materials in QUT Library collections

People and culture

- Equip the Library team to be well positioned to meet future opportunities and challenges
